SUMMARY

A Full Stack Developer professional with 2 years of experience in frontend and backend development is being sought. Expertise in React and Node.js is demonstrated, with additional skills in TypeScript, Next.js, and Express.js. Key achievements include the development of a fully automated motorcycle rental system that improved efficiency and a 25% reduction in application load time by optimizing frontend code. A Frontend Developer position at Dominion Digital is being pursued, with the aim of bringing frontend and backend skills to support Dominion Digital's mission of driving innovation in digital transformation projects.
